MEMORANDUM FOR: Clandestine Services Training Committee

ATTENTION:

25X1A9a

SUBJECT: TR Intelligence Manual O-1 Dated November 1954

1. Reference is made to TR Intelligence Manual O-1, dated November 1954 which was being considered for transmission to USIA.

2. After a cursory review of this manual, it is the opinion of this Office that it should not be given to USIA in view of the extensive references to this Agency, its components, functions and specific SECRET and TOP SECRET CIA documents.

3. Also, it is a document which obviously requires frequent revisions in order to maintain a current effectiveness.
